

UNMASKED AT LAST.

Democrats Repudiate all Protection and Espouse Free Trade.

LET THE WORKINGMEN READ

And Reflect—The Plank Voted Down Declared that the Difference Between the Cost of Labor Here and Abroad Should be Considered in Framing Tariff Laws—The Plank Adopted Declares that the Only Purpose For Tariff Should be Revenue, Which is the Tariff England Has.

Here is the portion of the tariff plank reported by the majority of the committee on resolutions which the Chicago convention voted down:

We reiterate the oft-repeated doctrines of the Democratic party, that the necessity of the Government is the only justification for taxation, and whenever a tax is unnecessary, it is unjustifiable; that when customs house industry is levied upon articles of any kind produced in this country, THE DIFFERENCE BETWEEN THE COST OF LABOR HERE AND LABOR ABROAD, when such a difference exists, fully measures any possible benefits to labor, and the enormous additional impositions of the existing tariff fall with crushing force upon our farmers and workingmen, and, for the mere advantage of the few whom it enriches, exacts from labor a grossly unjust share of the expense of the Government. And we demand such a revision of the tariff laws as will remove their iniquitous inequalities, lighten their oppressions and put them on a constitutional and equitable basis.

But, in making reduction in taxes, IT IS NOT PROPOSED TO INJURE ANY DOMESTIC INDUSTRIES, BUT RATHER TO PROMOTE THEIR HEALTHY GROWTH. From the foundation of this government the taxes collected at the custom house have been the chief source of federal revenue. Such they must continue to be. Moreover, many industries have come to rely upon legislation for successful continuance, so that ANY CHANGES OF LAW MUST BE AT EVERY STEP REGARDFUL OF THE LABOR AND CAPITAL THUS INVOLVED. The progress of reform must be subject in the execution to this plain dictate of justice.

BOLD, DISGUISED FREE TRADE.

Here is the tariff plank reported by the minority of the committee which the convention adopted as a substitute for the above:

We denounce Republican protection as a fraud—as a robbery of a great majority of the American people for the benefit of a few. WE DECLARE IT TO BE A FUNDAMENTAL PRINCIPLE OF THE DEMOCRATIC PARTY THAT THE GOVERNMENT HAS NO CONSTITUTIONAL POWER TO IMPOSE AND COLLECT A DOLLAR FOR TAX EXCEPT FOR PURPOSES OF REVENUE ONLY, and demand that the collection of such taxes be imposed by the government when only honestly and economically administered.

ANOTHER OF THE SAME SORT.

Here is an extract from the Constitution of the Confederate States, which, as will be seen, is as like the Chicago Democratic declaration as two peas:

The Congress shall have power to lay and collect taxes, duties, imposts and excises for revenue necessary to pay the debts, provide for the common defense, and carry on the government of the Confederate States; but no bounties shall be granted from the treasury, nor shall any duties or taxes on imports from foreign nations be laid to promote or foster any branch of industry.

THE ENGLISH ELECTIONS.

Returns Received Yesterday—The Result Slowly Comes In.

LONDON, July 7.—The first election returns received to-day were from the Kilkenney district, where Mr. T. Curran, anti-Parnellite, received 744 votes against 640 cast for J. O'Connor, Parnellite.

In the Newark division of Nottinghamshire, Viscount Newark, Conservative, was returned without opposition. In Waterford City John E. Redmond, the Parnellite candidate, defeated Mr. Sheehy, anti-Parnellite, by a majority of 803, Parnellite loss 151.

In the northeast division of Cork William O'Brien was returned without opposition. Staffordshire—Burton division, Sidney Everish, Liberal, unopposed. Cork county—North division, J. C. Flynn, anti-Parnellite, unopposed.

Cotton Brokers Fail.

LIVERPOOL, July 7.—Isaac Cooke & Sons, prominent cotton brokers of this city, have suspended payment. A syndicate has been formed to take over their whole interest in 110,000 bales of cotton at the struck price. This cotton will be unloaded at the rate of 2,500 bales daily until their interest is liquidated.

Things Worth Remembering.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Remember that three to ten of BRANDON'S PILLS will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them, say two every night for a week or ten days, will act as a preventive of either complaint.

The following, clipped from the *Birmingham Junction* (Mo.) *Post*, contains information of no little value to persons troubled with indigestion:

For years the editor of the *Post* has been subject to cramp colic or fits of indigestion, that prostrated him for several hours and unfitted him for business for two or three days afterward. About a year ago we called on S. J. Butcher, druggist, and asked for something to ward off an attack that was already making life hideous. Mr. Butcher handed us a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We took the medicine according to directions, and not only found relief on that occasion, but have several times since tried its virtues and found relief in every instance. We take this method of acknowledging the benefits derived and recommending the cure to all others subject to indigestion. For sale by druggists.

IF the assessor has omitted to assess you, see to it that you are listed. You will be deprived of your vote in November if your name is not on the assessor's book.

WEST VIRGINIA CEREALS.

The Production in this State as Given in a Bulletin Issued by the Census Bureau.

Special Correspondence of the *Intelligencer*.

WASHINGTON, D. C., July 6.—The superintendent of census has issued the following statistics of cereal production in West Virginia for the census year ending May 31, 1890, compiled under the supervision of Special Agent J. Hyde in charge of agriculture. Barley 326 acres, 5,887 bushels; buckwheat 13,896 acres, 120,460 bushels; corn 592,763 acres, 13,730,506 bushels; oats 180,815 acres, 2,946,653 bushels; rye 14,962 acres, 117,113 bushels; wheat 349,016 acres, 3,634,197 bushels.

The total acreage devoted to cereals was 1,151,578 acres as compared with 1,133,821 acres at the tenth census. There was a decrease of 68,105 acres in barley, buckwheat, rye and wheat, and an increase in corn of 28,978 acres, and in oats of 53,884 acres.

| Counties. | Barley. | | Buckwheat. | | Indian Corn. | | Oats. | | Rye. | | Wheat. | |

WEATHER CROP BULLETIN

Of the West Virginia Weather Service for the Week Ending July 4.

The weather for the past week has been generally favorable to the staple crops and vegetation generally. Rain-fall was apparently above the normal and beneficial to vegetation. The following places report heavy rainfalls (in inches): Martinsburg 1.50; Kingwood 2.10; Charleston 1.04; Selden 2.02; Clinton 2.55; Glenville 1.54; Central Station 3.15; Spencer 3.30; Jackson 3.50; Morgantown 3.78; Buckhannon 2.74; Bluefield 1.86; Parkersburg 2.17; Pleasant Hill 1.78; New Martinsville 1.76; Ella 1.90. The temperature was below the average with a sufficient amount of sunshine.

The wheat harvest was interrupted by frequent showers but is about finished; rickling and threshing will begin this week. The ripening of late sown and curing of harvested wheat was slightly checked in growth by cool weather of latter part of week. Wheat will be the heaviest yield in many years.

Oats heading and bids to be a fair crop. Corn growing rapidly except in wet places; is a fair stand and promises well; it was injured in some localities by heavy rains and hail. Pastures are very good. Meadows mostly good. Hay harvest commenced.

Garden truck plentiful. Potatoes doing well although in some quarters complaint is made of second growth. Cabbage is making a fine growth. Grapes will be abundant. Raspberries are fine and plentiful. Apple crop almost a failure. Peaches falling and what is left will not be perfect fruit.

REPORTS BY COUNTIES.

Berkeley—Conditions of weather past seven days have been all that were needed for growing crops. Corn doing well, although terribly mangled by a hailstorm which passed over the county about one-half mile north of Martinsburg; it also tore the wheat shocks. Heavy rain on July 3 beat down corn and wheat considerably. Wheat harvest well under way.

Doddridge—Corn and oats growing fine and bids fair for good crop; potatoes good. Wheat needs more sunshine to cure, is nearly all cut. Meadows light, pastures good. Grasshoppers still working in the meadows.

Fayette—A splendid season so far. Corn and oats looking well. Corn is 110 per cent, as compared with several previous years. Meadows looking better, but will not make a half crop.

Gilmer—Wheat all cut and the best yield for several years. Corn doing fine, and bids fair to be a good crop. Apples and peaches falling off. Grapes and berries plentiful. Meadows mostly good; pastures fair.

Harrison—Splendid weather for harvesting wheat, which is nearly all cut and is good crop. Stock of all kinds getting in good condition, but prices are low and buyers scarce.

Hampshire—Wheat a good yield. Wheat and rye harvest retarded by daily showers—about two-thirds done. Oats and grass growing rapidly. Hay crop will be short, owing to unfavorable weather. Apple crop very poor. Corn growing rapidly except in wet places.

Jackson—Wheat harvested in good shape and is a good crop, the largest in many years; other crops are doing well. Kanawha—Continued fine growing weather. The wind on Thursday blew down grass and wheat shocks and some damage will result from the grass being on the ground. Wheat threshing and rickling will commence this week.

Mason—Wheat all cut. Farmers have commenced to stack. Corn growing nicely. Mercer—Good rains latter part of week beneficial to grass. Gardens looking well.

Monongalia—The past week has been cooler and more rain fell than any previous week in June. What a good crop. Oats and corn promise a good yield.

Morgan—The past week has been excellent weather. Harvesting is about completed. Hay harvest commenced. Corn is looking remarkably well and is a fair stand.

Marshall—Dry weather needed for harvesting and plowing corn. Weather good for growing crops. Fair prospect for corn and potatoes. Grass light. Ground too wet to cultivate corn. Hands are scarce, and farmers are obliged to make use of every hour of sunshine to save their wheat, which is partly in shock and is a fair crop. Corn and wheat slightly injured by excessive rain and high winds.

Ohio—Past week too wet and cloudy for making hay and damaged clover considerably. Corn and oats damaged by high winds.

Preston—The wind and rain of Sun-

day was hard on the standing wheat, which is now ready to harvest, by blowing it down. Corn and oats doing well. Wheat crop very fine; heavy head.

Pleasant—Wheat all harvested in fair condition and considerable portion secured in barns. Immense crop of straw but many fields poorly filled. Threshing will begin this week, weather permitting. Corn and oats doing finely. Meadows light and weedy. Pastures light and weedy. Stock doing well.

Ross—Wheat nearly all harvested. Fine prospect for corn crop. Weather too cool for vegetation. Considerable wheat and grass cut, with poor prospects of curing.

Ritchie—Temperature considerably cooler than previous week. Potato crop is coming on rapidly and will be large. Corn doing well. Wheat harvest about over and the crop is one of the best ever produced in Ritchie county.

Taylor—Too wet for wheat harvest, not near cut. Oats heading and bids fair for a good crop. Corn doing well on fair ground. Beans, peas and potatoes plentiful.

Upshur—Weather for the past week has been cool for season and somewhat checked the ripening of wheat. Potato crop will probably be light. Raspberries fine. Grapes abundant. Stock doing well.

Wood—Wheat harvest about finished. Badly shocked wheat blown down. Threshing will begin soon. Corn and cabbage making a fine growth. Apple crop almost an entire failure. Hay crop light, with a great deal of white top in meadows.

Wetzel—Weather for the past seven days has been splendid for harvesting wheat. Wheat is well filled on high lands, but in the bottom lands not so well. Hay crop is light. Prospects for Schweizer cheese is good, both for quality and quantity.

Three Things to Remember.

Hood's Sarsaparilla has the most Merit.
Hood's Sarsaparilla has won unequalled Success.
Hood's Sarsaparilla accomplishes the greatest Cures.

Is it not the medicine for you?

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

Popular Excursion to Atlantic City.

On Thursday, July 14, the Baltimore & Ohio railroad will inaugurate the series of popular excursions for the summer to Atlantic City from Pittsburgh, Wheeling, Parkersburg and all intermediate stations to Washington Junction, Md. This announcement will be welcomed by thousands of residents of Western Maryland, Western Pennsylvania, West Virginia and Eastern Ohio, who may desire to avail themselves of the cheap rates and superior train service of the Baltimore & Ohio railroad for a trip to the seashore. For the excursion on July 14 the same low rates and unexcelled train service, which have made these jaunts to the sea so popular in past summers, will be in effect. Many improvements have been made at Atlantic City, which will add to its general popularity and strengthen its claim as the most attractive resort on the Atlantic Coast.

Tickets will be valid for return journey for twelve days from day of sale, and will be good on all regular trains. On return journey they will be good to stop off at Washington, thus affording an opportunity to see Congress in session, to visit the numerous public buildings, which are open to visitors free of charge, and to take a trip down the Potomac to Mt. Vernon, the tomb of the immortal Washington, as well as to visit other places of interest in and near Washington.

Trains leave Wheeling at 6:10 a. m. and 6 p. m., and for these two trains only will tickets be sold. Pullman sleeping cars on evening train. Round trip rate \$10.00. Correspondingly low rates from other stations.

A company with \$1,000,000 capital has been chartered at Trenton, N. J., to propel steam and other cars by compressed air.

Merit Wins.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Logan Drug Co., Druggists.

ELLWOOD CITY, PA.

FIVE

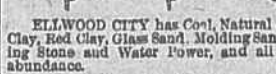

MORE FACTORIES LOCATED AT

ELLWOOD CITY, PA.

Bringing a Total of 800 MORE EMPLOYES, Which Means an Increase of 4,000 Population Before the Year is Out.

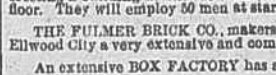

THE PEERLESS LEAD GLASS WORKS, formerly of Pittsburgh, makers of the celebrated Lead Glass Chalmers, must be making glass in Ellwood City by August 1 in their new building, 110 feet by 300. Will employ over 300 people at the start, and will greatly increase their force during the year. New lines of glassware.

ELLWOOD CITY has Coal, Natural Gas, Fire Clay, Red Clay, Glass Sand, Molding Sand, Building Stone and Water Power, and all these in abundance.

THE NORTHWOOD GLASS WORKS, formerly of Martin's Ferry, O., has let a contract for an iron building 150 by 29 feet. Will begin by employing 275 people, and at once increase their force until it is doubled, to meet present demands for their high grade colored glassware.

STERRETT & SCOTTS' FOUNDRY CO., a branch of the Vulcan Foundry of Pittsburgh, is now erecting a building at Ellwood one, two and three stories high, 11,300 square feet on the ground floor. They will employ 50 men at starting. Will make stoves, machinery castings, etc.

THE FULMER BRICK CO., makers of Fire Brick, Facing Brick and Red Brick, have
